

Hollie Gazzard Trust

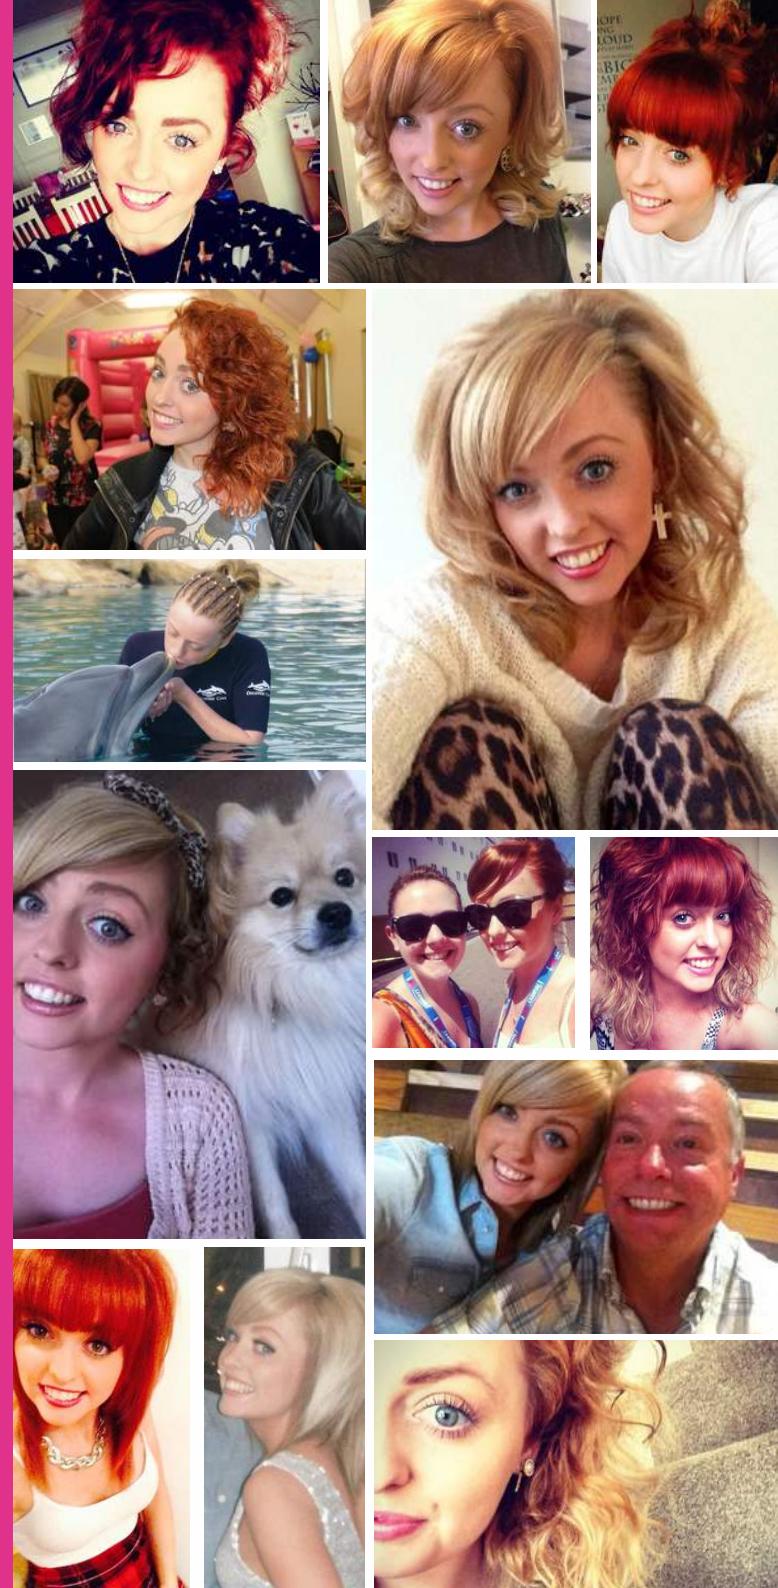

The Hollie Gazzard Trust is a UK-based charity founded in memory of Hollie Gazzard, who tragically lost her life to domestic abuse in 2014. Established by her family, the Trust aims to reduce domestic abuse, promote healthy relationships, and support individuals with our award winning personal safety app, Hollie Guard.

In 2025, we continue to build on our successes, reaching more communities, schools, and workplaces with our educational workshops and training sessions. Our groundbreaking Hollie Guard app, which provides personal safety and emergency response features, is being used by thousands to protect themselves in potentially dangerous situations.

The support from our sponsors is crucial in driving our mission forward. Your sponsorship not only helps us sustain and expand our programs but also aligns your brand with a cause that resonates deeply with communities nationwide.

This Sponsorship Pack outlines the various opportunities available for you to support our work. Whether through event sponsorship, business partnerships, or funding-specific projects, your involvement will make a tangible difference in the lives of many. We offer a range of benefits to our sponsors, including brand visibility, engagement opportunities, and the chance to demonstrate corporate social responsibility in a meaningful way.

We invite you to join us in making a positive impact and creating lasting change. Together, we can honour Hollie's legacy by fostering safer communities and empowering individuals to lead lives free from violence and abuse.
